KASTA

FINO SERIES

SmartPowerpoint

The KASTA Smart Powerpoint is easy to set up and makes it even easier to manage your household electronic devices with a tap of your smartphone.

The free KASTA app lets you control your powerpoint from any Android (4.4 and higher) or iOS (iOS 9 and higher) smartphone.

Use in combination with battery remotes or mains powered switches to create one touch scenes and groups.

Sleep well in your KASTA Home with the KASTA Smart Powerpoint

Your Home, Your Rules
Create one-touch routines to automate your smart home. Never reach for those out-of-the-way powerpoints again.

Security
Use Away-Mode schedule to turn devices on and off at different times to give the appearance that someone is home while you are away.

Convenience
You can easily turn off the lights and other devices in the living room without getting out of bed, or conveniently schedule all lights to go off by midnight.

Enhanced Scenes
Turn non-connected, plug-in lights smart with the KASTA Smart Powerpoint; Expand your KASTA ecosystem and start controlling non-connected products with your smartphone or KASTA remotes.

Child Lock
Deter little hands from powering on a socket by enabling Child Lock conveniently by long press of local button or via app.
